

# EUSAC Safety Message

## **WAC 296-45-005**

*These rules exist to provide employee safety, so employees are expected, in good faith, to follow the provisions of this chapter. This chapter is not intended to be a complete job description nor is it expected that the chapter covers every hazard that an employee may encounter. When a hazard exists that is not covered by this chapter, the leadworker and employees are expected, in good faith, to mutually discuss the hazard and agree how to perform the work with the greatest degree of safety.*

(Excerpt from paragraph 1)

4. *Energy Source Controls*
5. *Personal Protective Equipment*
