### Full Job Description

Communication Technician II - V

Job #11803

\$50.68 - \$57.01

#### Basic Responsibilities

Installs, repairs and maintains communication and miscellaneous electronic equipment for the District. Work may be performed in any of the following areas: Radio, Microwave, Telephone, Supervisory Control and Data Acquisition (SCADA), Fiber Optics, Radio Frequency Interference (RFI), Data Communications and miscellaneous electronics.

## Minimum Qualifications

- Level II – Intermediate knowledge of electronics. At least three (3) years' experience in communications-based electronics. Must possess a basic understanding of at least four (4) of the primary Communication Technician disciplines and demonstrated ability to perform at least two (2) of these disciplines as listed under Basic Responsibilities (fully list available in the posting on our website).
- Level III - Exceeds the qualifications of a Level II. Possession of valid FCC General Radio Operator license.
- Level IV - Two (2) years' equivalent experience at a Level III Technician.
- Level V - Two (2) years' equivalent experience as a Level IV Technician.

## License/Certification

- Valid Washington State Driver License.
- Valid FCC General Radio Operator license is encouraged but not required for initial entry as a Level I or II Technician, but must be obtained to qualify as a Level III or higher Technician.

## Benefits

In addition to a competitive compensation program, Snohomish County PUD #1 offers a comprehensive benefits package. More details can be found at: [www.snopud.com/benefitoverview](http://www.snopud.com/benefitoverview).

## To Apply

Fully complete the online application at [careers.snopud.com](http://careers.snopud.com) by no later than January 15th, 2021. A full job description is available on the website.

We are an Equal Opportunity Employer of minorities, women, disabled, and veterans.
