July, 2017

Dear Brothers and Sisters,

As members of the International Brotherhood of Electrical Workers, we have always worked together to help our brothers, sisters and neighbors in times of need. Through our partnership with United Way, we can make a difference.

The United Way is one of our longstanding partners in sharing this value by helping working families every day with access to vital resources and services. Through United Way, we are not only helping those who are lacking basic necessities today, but also working on long term solutions that address the root causes of our nation's ongoing social service needs.

The IBEW proudly endorses the 2017 United Way Campaign and we urge each of you to support this important event. As members of organized labor, this is our opportunity through our local United Way, to give back to our communities. In turn, we continue to support our fellow members and neighbors and play an important role in the lives of those less fortunate than us.

Visit the United Way website [www.unitedway.org](http://www.unitedway.org) for more information and suggestions on how to get involved.

Thank you for your continuous support of United Way. In doing so, we help make our communities a better place to live and work.

In Solidarity,

Louis R. Walter  
Business Manager/Financial Secretary
